

ASUM Video Library DVD/CD ROM/VCD/Videotape Catalogue and Order Form

A mail order Video Library has existed for the benefit of ASUM members since early 1990.

The Material

The DVD/CD ROM/VCD/Tape(s) are mainly recordings of lectures given at ASUM meetings.

How to Borrow a Video

Simply fill in the order form printed in this catalogue and send it, with payment, to ASUM, PO Box 943, Crows Nest NSW 1585. Orders will not be processed until full payment is received.

What does it cost?

The charge of \$18.70* applies to each DVD/CD ROM/VCD/videotape for members covers the cost of hire of up to 3 DVD/CD ROMs/ VCDs/tapes each time and forwarding and returning charges. The DVD/CD ROM/VCD/Videotape(s) will be sent with a pre-paid postage label enclosed for return. They should be returned, within 3 weeks of receipt, to ASUM.

New Zealand members who wish to borrow from ASUM can now go to the NZ Video Catalogue link on the ASUM website or contact: Aletta Landman, Ultrasound Dept. Tauranga Public Hospital, Tauranga. Email: alandman@xtra.co.nz

CATALOGUE

- 193 The Genetic Sonogram – Peter Muller, 2005
- 192 Fetal Vascular Anomalies – Martin Necas, 2005
- 191 Elastography Work in Progress – Byung Ihn Choi, 2005
- 190 Gall Stones & Bile Ducts: Making the most of Ultrasound – Robert Gibson, 2005
- 189 Benign Breast Disease – Wes Comick, 2005
- 188 Venous Haemodynamics: Common Misconceptions – Robert Ziegenbein, 2005
- 187 Doppler Ultrasound in Renovascular Hypertension – Leandro Fernandez, 2005
- 186 Ultrasound and Early Atherosclerosis Prevention: Carotid IMT – Joseph Polak, 2005
- 185 Sonographic Evaluation of Abnormal Bleeding: Uterine Physiology an Sonographic Technique, including Sonohysterography - Anna Parsons, 2005
- 184 Staging Head and Neck Cancer with Ultrasound using FNA & Core Biopsy Techniques – Rhodri Evan, 2005
- 183 Understanding New Technology in Ultrasound – Peter Burns, 2005
- 177 Functional & Sonographic Anatomy & Pathology of the Lateral Hip with Ultrasound Correlation – Ross McKellar, 2006
- 176 Hip Pain – Mary Langdale, 2006
- 175 Prostate Imaging & Treatment – Grant Baxter, 2006
- 174 Foot/Ankle Ultrasound – Mary Langdale, 2006
- 173 Trigger Finger – Lois Basham, 2006
- 172 Blood Vessels: Their Role in Tendon Pain & Pathology – Jill Cook, 2006
- 171 Breast Ultrasound: Pitfalls & Tips – Paula King, 2006
- 170 The Axillary Lymph Node Assessment – Allison Rose, 2006
- 169 Beast Imaging: A Surgical Perspective for Sonographers – Darren Lockie & Jennifer Senior, 2006
- 168 DVD The Accuracy of Ultrasound for Diagnosing Focal Lesions of the Hand and Wrist – Sharlene Teefey, 2006
- 167 DVD Testicular Microlithiasis: Is it a Marker for Malignancy? – Sharlene Teef, 2006
- 166 DVD Use of Ultrasound in Male Infertility – Gordon Baker, 2006
- 165 DVD Tears of the Gluteal Tendons: A Surgeons Perspective – Elton Edwards, 2006
- 164 DVD Paediatric Hip Ultrasound – Cain Brockley, 2006
- 163 DVD A new Method for Ultrasound Evaluation of Iliopsoas tendon insertion – Stephen Bird, 2006
- 162 CD ROM Mike Dadd - An Introduction to Diagnostic Ultrasound (CSIRO, 1997)
- 161 DVD Video Dr Stacy Goergen Director of Research Monash Medical Centre and Dr Ken Lau Head of CT Monash Medical Centre (RANZCR 2005)
- 160 DVD Video Dr Dee Nandurkah: The Role of Nuclear Medicine in Assessment of Renovascular Hypertension - Ms Rebecca Long: Renal Arterial Colour Duplex Examination (RANZCR 2005)
- 159 DVD Video Prof. Yves Ville Lecture Series – 3. Antenatal Assessment of CMV (Prof. Yves Ville, 2005)
- 158 DVD Video Prof. Yves Ville Lecture Series – 2. Management of Twin-Twin Transfusion (Prof. Yves Ville, 2005)
- 157 DVD Video Prof. Yves Ville Lecture Series – 1. Twin Pregnancy (Prof. Yves Ville, 2005)
- 156 DVD Video Historical Collection (2005)
- 155 DVD Video Cranial ultrasounds and MRI correlation in the newborn infant (FANZCR, 2005)

CATALOGUE

- 154 DVD Video Peter Burns Lecture Series – 1. Advanced Applications & Technology In U/S (Peter Burns, April 2004)
- 153 CD ROM Anna Parsons Lecture Series – 1. Endometrial Assessment (Anna Parsons, April 2002)
- 152 CD ROM Anna Parsons Lecture Series – 2. Chronic Pelvic Pain (Anna Parsons, April 2002)
- 151 CD ROM Anna Parsons Lecture Series – 3. Premenopausal Bleeding (Anna Parsons, April 2002)
- 150 CD ROM Anna Parsons Lecture Series – 4. Postmenopausal Ovary & Uterus (Anna Parsons, April 2002)
- 149 CD ROM Anna Parsons Lecture Series – 5. Ultrasound and Infertility (Anna Parsons, April 2002)
- 148 VCD Anna Parsons Lecture Series – 1. Endometrial Assessment (Anna Parsons, April 2002)
- 147 VCD Anna Parsons Lecture Series – 2. Chronic Pelvic Pain (Anna Parsons, April 2002)
- 146 VCD Anna Parsons Lecture Series – 3. Premenopausal Bleeding (Anna Parsons, April 2002)
- 145 VCD Anna Parsons Lecture Series – 4. Postmenopausal Ovary & Uterus (Anna Parsons, April 2002)
- 144 VCD Anna Parsons Lecture Series – 5. Ultrasound and Infertility (Anna Parsons, April 2002)
- 142 CD ROM ASUM Image Database, Volume 1 (February 2001)
- 141 CD ROM ASUM Image Database, Volume 2 (May 2002)
- 140 VHS The 18-20 Week Obstetric Ultrasound Examination (Katherine Devonald & David Ellwood, 1993)
- 139 VHS Adenomyosis. (Ted Lyons, 2001)
- 138 VHS Evaluation of Lower Limb Arterial Disease-What is the role of duplex ultrasound? (Joseph Polak, 2001)
- 137 VHS Carotid Stents: Imaging pre and post placement. (Joseph Polak, 2001)
- 136 VHS The management of carotid disease in the new millennium-an update. (Joseph Polak, 2001)
- 135 VHS Current ultrasound safety issues (Stan Barnett, 2000)
- 134 VHS Sonography of the hip joint in paediatric patients (Roger Gent, 2000)
- 133 VHS Ultrasound of the hand and wrist - A review (Philip Lucas, 2000); Ultrasound of the ankle and foot - A review (Philip Lucas, 2000)
- 132 VHS Ultrasound of the shoulder - A review including pitfalls and the post-operative shoulder. (Philip Lucas, 2000); Adult hips, groins and sciatic nerves – not to mention hernias (Pru Pratten, 2000)
- 131 VHS Ultrasound follow-up after arterial intervention: clinical perspectives (Ken Myers, 2001); Duplex follow-up post arterial interventions: technical aspects (Peter Coombs, 2001)
- 130 VHS Planning carotid surgery with duplex: What a surgeon wants to know before and after the operation (Gary Frydman, 2001); How do we validate carotid duplex when no DSA is available? (Gary Frydman, 2001)
- 129 VHS Diagnosis of focal hepatic lesions (Rob Gibson, 2000); Thyroid and parathyroid ultrasound - current applications (Rodger Colbert, 2000)
- 128 VHS Non immune hydrops - obtaining a diagnosis (Janet Vaughan, 2000); Congenital diaphragmatic hernia: prediction of outcome (Alistair Roberts, 2000)
- 127 VHS Novel fetal imaging methods (Nick Fisk, 2000); The nuchal thickness assessment (Victor Hurley, 2000)
- 126 Ultrasound in the assessment of fibroids (Victor Hurley, 2000); Vascular interventional techniques involving the uterus - the role of ultrasound assessment (David Rogers, 2000); Ultrasound guided uterine biopsy (Victor Hurley, 2000)
- 125 Transplant Sonography (Andrew Little, 2000); Ultrasound in Portal Hypertension (Rob Gibson, 2000)
- 124 Hip Ultrasound and Live Scanning (Ethna Phelan, 1999)
- 123 Normal Female Pelvis (Ethna Phelan, 1999)
- 122 Neonatal Spine (Ethna Phelan, 1999)
- 121 Paediatric Cranial Ultrasound (Ethna Phelan, 1999)
- 120 Fetal Growth Abnormalities (Michelle Melany, 1999)
- 119 Fetal GU Tract. AIUM and ACR Guidelines (Michelle Melany, 1999)
- 118 Ultrasound Assessment of the Fetal GI Tract (Michelle Melany, 1999)
- 117 Fetal Neurosonography (Michelle Melany, 1999)
- 116 Interventional Sonography in Children (John Pereira, 1999)
- 115 The child with a limp (Roger Gent, 1999)
- 114 The acute abdomen in the paediatric patient (Lyndal Cohen, 1999)
- 113 The uses of ultrasound in the upper limb - the orthopaedic surgeon's point of view (Michael Hayes, 1999); Interventional shoulder ultrasound (Neil Simmons, 1999)
- 112 Imaging the child with urinary tract infection; Ultrasound of the acute abdomen in the pediatric patient (Diane Babcock, 1999)
- 111 Fetal abdominal masses (Tina Hayward, 1999); Common paediatric malignancies (Ethna Phelan, 1999)
- 110 Male infertility and ultrasound (Charles Lott, 1999); Female fertility (Karen Shand, 1999)
- 109 Evaluation of arterial injuries with color duplex ultrasonography; Non-invasive evaluation of the radial artery for coronary artery bypass grafting (Gail Sandager, 1999)
- 108 Hepatobiliary intervention (A Little, 1999); Interventional Sonography in the new millennium (M Brooks, 1999)
- 107 Thoracic intervention (M Andrews, 1999); Vascular intervention (J Vrazas, 1999); O & G intervention (L de Crespigny, 1999).
- 106 Genitourinary intervention (J Vrazas, 1999); Prostate intervention (A Lavoipierre, 1999)

CATALOGUE

- 105 Interventional sonography: evolution to revolution (A. Little, 1999); Essentials and accessories in interventional sonography (M. Andrews, 1999)
- 104 The 18-20 Week Obstetric Ultrasound Examination (K Devonald & D Ellwood, 1993)
- 103 'New horizons in ultrasound of the liver - part 1' (P Burns, 1998); 'New horizons in ultrasound of the liver - part 2' (S. Wilson, 1998)
- 102 'Sonographic evaluation of early twinning' (I Timor, 1998); 'A sonographic approach to skeletal dysplasia' (J Oldham, 1998)
- 101 'The acute abdomen of hollow visceral origin. Ultrasound evaluation (S Wilson, 1998); 'Ultrasound of acutely traumatised ER patient (J McGahan, 1998)
- 99 'Sonography of AIDS' (S Wilson, 1998)
- 98 'Testicular ultrasound and surgical correlation' (P Graham, 1998)
- 97 'A new look at the sonographic appearance of pelvic inflammatory disease' (I Timor, 1998)
- 96 'Interventional tissue ablation' (J McGahan, 1998)
- 95 'Haemodynamics and blood flow: interpreting the vascular examination' (P. Burns, 1998)
- 94 'Malformations detected using the transvaginal probe from 9 -16 weeks'; 'Fetal neurosonography: the new sections and planes proposed emulate neonatal neurosonography' (I Timor, 1998)
- 93 'Transvaginal puncture procedures' (I Timor, 1998)
- 91 'Ultrasound Contrast agents: update' and 'Harmonic imaging and Doppler' (P Burns, 1998)
- 90 'What to say to a patient whose fetus has an abnormality' (N Anderson, G. Duff, R. Allan, 1997)
- 89 'Abdominal colour Doppler sonography' (A. Lupetin, 1997) 'Ultrasound evaluation of portal hypertension' (C. Owen, 1997)
- 88 'Carotid sonography – lessons learnt from the NASCET, ACAS and ECST studies' (J. Polack, 1997) 'Transcranial Doppler sonography' (A Lupetin, 1997)
- 87 'Basic echocardiographic examination techniques' (B. Anderson, 1997); 'Advanced echographic techniques – assessment of valvular stenosis and valvular regurgitation' (B. Anderson, 1997)
- 86 'Power Doppler and the 18 week heart' (G. Davison, 1997); 'Modern management of twin to twin transfusion' (R. Cincotta, 1997)
- 85 'What structures should be examined in first trimester scans?' (L. de Crespigny, 1997); 'The role of Doppler in the management of fetal well-being' (J. Vaughan, 1997)
- 84 Male Urinary Tract 'Scrotal Sonography', 'Prostate Ultrasound' (A. Lupetin, 1997), "Sperm Lake" –extratesticular echography' (A Patel, 1997), 'Ultrasound of impotence' (A Lupetin, 1997)
- 83 Paediatric Ultrasound 'Paediatric craniospinal ultrasound', 'Paediatric female pelvic ultrasound – what it can tell us?' (E Phelan, 1997) 'Paediatric hip ultrasound - current criteria and techniques', 'Paediatric renal ultrasound update' (L Coleman, 1997)
- 82 Renal and Mesenteric Arteries 'Visceral arterial scanning: Practice and pitfalls in assessing the mesenteric and renal circulations.'; 'How I evaluate renal and liver transplants.' (M Neumyer, 1997)
- 81 Extremities II 'Arteriovenous access grafts: The value of blood flow analysis and long term follow up.' (M Neumyer, 1997); 'How to successfully compress femoral false aneurysms' (A Burnett, 1997); 'Surveillance of infrainguinal grafts' (J Kidd, 1997); 'How does upper extremity venous imaging impact on therapy?' (M. Katz, 1997)
- 80 Extremities I 'What drives blood flow from the lower extremity?'; 'Venous insufficiency: Combining air plethysmography and venous duplex scanning' (M Katz, 1997)
- 79 Carotid Artery Ultrasound 'Current trends in carotid artery diagnosis' (K Myers, 1997); 'The fibrous cap: what can ultrasound tell us?' (M Appleberg, 1997); 'What is the current role of transcranial Doppler?' (M Katz, 1997); 'Adapting carotid reports for surgery without angiography' (J Harris, 1997)
- 78 Vascular Imaging Techniques 'Conventional angiography' (R Waugh, 1997); 'Spiral CT/MRI' (P Walker); '3-D ultrasound and power Doppler' (R Gill, 1997); 'Early experience with ultrasound contrast agents' (P Walker, 1997); 'Intravascular ultrasound' (G White, 1997)
- 77 An Introduction to Duplex Scanning of the Carotid Artery (J. Harris and J. Kidd)
- 76 Upper Abdomen Scan Technique (M Harkness)
- 75 Artifacts (Laurie Wilson, 1997)
- 74 Bioeffects / Safety (Stan Barnett, 1997)
- 73 Basic Doppler and Colour Doppler and Doppler Artifacts (Rob Gill, 1997)
- 72 Transducer Beams and Arrays and Advanced Imaging (Dave Carpenter, 1997)
- 71 Displays and Storage (Mike Dadd, 1997) and Power Measurements / Standards (Dave Carpenter, 1997)
- 70 Basic Physics and Basic Imaging (Mike Dadd, 1997)
- 63 Closing Plenary Session 1996 'Is there a future for the generalist?' (E. Grant, 1996); 'Invasive and non invasive tests for chromosome abnormalities: Present and future studies.' (W. Holzgreve, 1996); 'Where are we with choroid plexus cysts?' (T. Chudleigh, 1996); 'Quo vadis?' (P. Burns, 1996)
- 62 Vascular Plenary Session 1996 'Technological advances enhancing vascular ultrasound examination' (P. Burns, 1996); 'Consensus on carotids: Can we find this Holy Grail?' (D. Cavaye, 1996); 'Where are we today with renal scanning? Parenchymal versus main renal artery scanning.' (E. Grant, 1996); 'Training, Accreditation and Quality Assurance for Vascular Laboratories.' (B. Thiele, 1996)
- 61 General Plenary Session 1996 'Should all pregnancies have a transvaginal ultrasound? What would it tell us?' (W. Holzgreve

CATALOGUE

1996); 'Significance of fetal renal pelvic dilatation' (T.Chudleigh 1996); 'Ultrasound in the emergency room' (E. Grant 1996); 'Managing your image in the network age'. (P.Burns 1996)

- 60 Abdominal and Scrotal Doppler 'Hepatic vasculature' (W. Middleton, 1995); 'Inflammation conditions'; 'Renal artery stenosis and renovascular hypertension'; 'Colour duplex sonography of the scrotum'; 'Colour duplex sonography in acute scrotal pain' (T Stavros,1995)
- 59 Abdominal Imaging 'Abdominal sonography'; 'Advanced gall bladder' (W. Middleton, 1995); 'The normal appendix', 'The normal appendix and RLQ pain'; 'Inguinal canal and inguinal hernias' (T Stavros,1995)
- 58 Technical '3D ultrasound'; 'Contrast agents'; 'Ultrasound artifacts'; 'Doppler ultrasound' (W. Middleton,1995)

Ultrasonics Laboratory and Royal Hospital for Women Collection

- 69 Venous Ultrasound Workshop. Assessing varicose veins and venous insufficiency (T. Beckwith, 1995)
- 68 'Deep Venous Thrombosis' (W. Lees, 1995); 'Doppler of mesenteric ischemia' (T. Stavros, 1995)
- 67 Doppler sonography of the hepatic vasculature (W. Middleton, 1995)
- 66 Musculo Skeletal Ultrasound 1995 – II. Live scanning of shoulder, knee & ankle workshop (Bruno Giuffre and John Read, 1995)
- 65 Musculo Skeletal Ultrasound 1995 -I. 'Sonography of the shoulder' (W. Middleton, 1995); 'Sonography of the knee' (B.Giuffre, 1995); 'Sonography of the forearm and hand' (J. Read, 1995); 'Sonography of the ankle tendons' (W. Middleton, 1995)
- 64 Sports Medicine (John Read, 1995)
- 57 Pancreatic Sonography (Phil Ralls, 1994)
- 56 The Painful Hip in Childhood and Parenchymal Renal Disease in Children (Garry LeQuesne, 1994)
- 55 Cerebral Vascular Disease (Michael Appleberg, 1994) and Carotid Artery Scanning (Alison Kelly, 1994)
- 54 Window on the Leg (Trevor Beckwith, 1994)
- 53 High Resolution Colour Flow Sonography (Phil Ralls, 1994)
- 52 Basic Imaging (Michael Dadd, 1994) and New Imaging Technology (David Carpenter, 1994)
- 51 Ovarian Sonography (Phil Ralls, 1994)
- 50 Basic Doppler (Laurie Wilson) and Doppler Artifacts (Rob Gill, 1994)
- 49 Haemodynamics (Thanasis Loupas, 1994) and Colour Doppler (Rob Gill, 1994)
- 48 Fetal Echocardiology (James Grimwade, 1994)
- 47 Breast sonography (John Read, 1994)
- 46 Tendons (John Read, 1993)
- 43 Normal Circulation of the Liver. Segmental Liver anatomy and normal Hepatic and Portal circulation. (Michael Lafortune, 1993)
- 42 Paediatric Liver Disease (Heidi Patriquin, 1993)
- 41 Haemodynamics (Thanasis Loupas, 1993)
- 39 Fetal Abnormalities (Peter Warren, 1991)
- 37 Colour Doppler of the Kidneys (Ed Grant, 1991)
- 35 Colour Doppler in Arteries and Veins (Ed Grant, 1991)
- 34 Carotid Ultrasound Revisited (Barbara Carroll, 1989)
- 25 Introduction to Anatomy of the Liver, Biliary Tract & Pancreas (Stuart Heap, 1989)(Previously titled 'Upper Abdomen')
- 24 Neonatal Heads (Lachlan de Crespigny, 1989)
