

ASUM Video Library DVD/CD ROM/VCD/Videotape Catalogue and Order Form

A mail order Video Library has existed for the benefit of ASUM members since early 1990.

The Material

The DVD/CD ROM/VCD/Tape(s) are mainly recordings of lectures given at ASUM meetings.

How to Borrow a Video

Simply fill in the order form printed in this catalogue and send it, with payment, to ASUM, PO Box 943, Crows Nest NSW 1585. Orders will not be processed until full payment is received.

What does it cost?

The charge of **\$37.40*** covers the cost of hire for 1 or 2 DVD/CD ROM/VCD/videotapes for members including forwarding and returning charges.

The charge of **\$56.10*** covers the cost of hire for 3 DVD/CD ROM/VCD/videotapes for members including forwarding and returning charges.

Up to 3 DVD/CD ROMs/ VCDs/tapes can ONLY be dispatched at one time. The DVD/CD ROM/VCD/Videotape(s) will be sent with a pre-paid postage label enclosed for return. They should be returned, within 4 weeks of receipt, to ASUM. No further videotapes can be issued until they are returned.

New Zealand members who wish to borrow from ASUM can now go to the NZ Video Catalogue link on the ASUM website or contact: Aletta Landman, Ultrasound Dept. Tauranga Public Hospital, Tauranga. Email: alandman@xtra.co.nz

CATALOGUE

193	DVD	The Genetic Sonogram – Peter Muller, 2005
192	DVD	Fetal Vascular Anomalies – Martin Necas, 2005
191	DVD	Elastrography Work in Progress – Byung Ihn Choi, 2005
190	DVD	Gall Stones & Bile Ducts: Making the most of Ultrasound – Robert Gibson, 2005
189	DVD	Benign Breast Disease – Wes Comick, 2005
188	DVD	Venous Haemodynamics: Common Misconceptions – Robert Ziegenbein, 2005
187	DVD	Doppler Ultrasound in Renovascular Hypertension – Leandro Fernandez, 2005
186	DVD	Ultrasound and Early Atherosclerosis Prevention: Carotid IMT – Joseph Polak, 2005
185	DVD	Sonographic Evaluation of Abnormal Bleeding: Uterine Physiology an Sonographic Technique, including Sonohysterography - Anna Parsons, 2005
184	DVD	Staging Head and Neck Cancer with Ultrasound using FNA & Core Biopsy Techniques – Rhodri Evan, 2005
183	DVD	Understanding New Technology in Ultrasound – Peter Burns, 2005
177	DVD	Functional & Sonographic Anatomy & Pathology of the Lateral Hip with Ultrasound Correlation – Ross McKellar, 2006
176	DVD	Hip Pain – Mary Langdale, 2006
175	DVD	Prostate Imaging & Treatment – Grant Baxter, 2006
174	DVD	Foot/Ankle Ultrasound – Mary Langdale, 2006
173	DVD	Trigger Finger – Lois Basham, 2006
172	DVD	Blood Vessels: Their Role in Tendon Pain & Pathology – Jill Cook, 2006
171	DVD	Breast Ultrasound: Pitfalls & Tips – Paula King, 2006
170	DVD	The Axillary Lymph Node Assessment – Allison Rose, 2006
169	DVD	Beast Imaging: A Surgical Perspective for Sonographers – Darren Lockie & Jennifer Senior, 2006
168	DVD	The Accuracy of Ultrasound for Diagnosing Focal Lesions of the Hand and Wrist – Sharlene Teefey, 2006
167	DVD	Testicular Microlithiasis: Is it a Marker for Malignancy? – Sharlene Teef, 2006
166	DVD	Use of Ultrasound in Male Infertility – Gordon Baker, 2006
165	DVD	Tears of the Gluteal Tendons: A Surgeons Perspective – Elton Edwards, 2006
164	DVD	Paediatric Hip Ultrasound – Cain Brockley, 2006
163	DVD	A new Method for Ultrasound Evaluation of Iliopsoas tendon insertion – Stephen Bird, 2006
162	CD-ROM	Mike Dadd - An Introduction to Diagnostic Ultrasound (CSIRO, 1997)
161	DVD	Video Dr Stacy Goergen Director of Research Monash Medical Centre and Dr Ken Lau Head of CT Monash Medical Centre (RANZCR 2005)
160	DVD	Video Dr Dee Nandurkaha: The Role of Nuclear Medicine in Assessment of Renovascular Hypertension - Ms Rebecca Long: Renal Arterial Colour Duplex Examination (RANZCR 2005)

CATALOGUE

159	DVD	Video Prof. Yves Ville Lecture Series – 3. Antenatal Assessment of CMV (Prof. Yves Ville, 2005)
158	DVD	Video Prof. Yves Ville Lecture Series – 2. Management of Twin-Twin Transfusion (Prof. Yves Ville, 2005)
157	DVD	Video Prof. Yves Ville Lecture Series – 1. Twin Pregnancy (Prof. Yves Ville, 2005)
156	DVD	Video Historical Collection (2005)
155	DVD	Video Cranial ultrasounds and MRI correlation in the newborn infant (FANZCR, 2005)
154	DVD	Video Peter Burns Lecture Series – 1. Advanced Applications & Technology In U/S (Peter Burns, April 2004)
153	CR-ROM	Anna Parsons Lecture Series – 1. Endometrial Assessment (Anna Parsons, April 2002)
152	CD-ROM	Anna Parsons Lecture Series – 2. Chronic Pelvic Pain (Anna Parsons, April 2002)
151	CD ROM	Anna Parsons Lecture Series – 3. Premenopausal Bleeding (Anna Parsons, April 2002)
150	CD ROM	Anna Parsons Lecture Series – 4. Postmenopausal Ovary & Uterus (Anna Parsons, April 2002)
149	CD ROM	Anna Parsons Lecture Series – 5. Ultrasound and Infertility (Anna Parsons, April 2002)
148	VCD	Anna Parsons Lecture Series – 1. Endometrial Assessment (Anna Parsons, April 2002)
147	VCD	Anna Parsons Lecture Series – 2. Chronic Pelvic Pain (Anna Parsons, April 2002)
146	VCD	Anna Parsons Lecture Series – 3. Premenopausal Bleeding (Anna Parsons, April 2002)
145	VCD	Anna Parsons Lecture Series – 4. Postmenopausal Ovary & Uterus (Anna Parsons, April 2002)
144	VCD	Anna Parsons Lecture Series – 5. Ultrasound and Infertility (Anna Parsons, April 2002)
142	CD ROM	ASUM Image Database, Volume 1 (February 2001)
141	CD ROM	ASUM Image Database, Volume 2 (May 2002)
140	DVD	The 18-20 Week Obstetric Ultrasound Examination (Katherine Devonald & David Ellwood, 1993)
139	DVD	Adenomyosis. (Ted Lyons, 2001)
138	VHS	Evaluation of Lower Limb Arterial Disease-What is the role of duplex ultrasound? (Joseph Polak, 2001)
137	VHS	Carotid Stents: Imaging pre and post placement. (Joseph Polak, 2001)
136	VHS	The management of carotid disease in the new millennium-an update. (Joseph Polak, 2001)
135	VHS	Current ultrasound safety issues (Stan Barnett, 2000)
134	VHS	Sonography of the hip joint in paediatric patients (Roger Gent, 2000)
133	DVD	Ultrasound of the hand and wrist - A review (Philip Lucas, 2000); Ultrasound of the ankle and foot - A review (Philip Lucas, 2000)
132	DVD	Ultrasound of the shoulder - A review including pitfalls and the post-operative shoulder. (Philip Lucas, 2000); Adult hips, groins and sciatic nerves – not to mention hernias (Pru Pratten, 2000)
131	VHS	Ultrasound follow-up after arterial intervention: clinical perspectives (Ken Myers, 2001); Duplex follow-up post arterial interventions: technical aspects (Peter Coombs, 2001)
130	VHS	Planning carotid surgery with duplex: What a surgeon wants to know before and after the operation (Gary Frydman, 2001); How do we validate carotid duplex when no DSA is available? (Gary Frydman, 2001)
129	VHS	Diagnosis of focal hepatic lesions (Rob Gibson, 2000); Thyroid and parathyroid ultrasound - current applications (Rodger Colbert, 2000)
128	VHS	Non immune hydrops - obtaining a diagnosis (Janet Vaughan, 2000); Congenital diaphragmatic hernia: prediction of outcome (Alistair Roberts, 2000)
127	DVD	Novel fetal imaging methods (Nick Fisk, 2000); The nuchal thickness assessment (Victor Hurley, 2000)
126	DVD	Ultrasound in the assessment of fibroids (Victor Hurley, 2000); Vascular interventional techniques involving the uterus – the role of ultrasound assessment (David Rogers, 2000); Ultrasound guided uterine biopsy (Victor Hurley, 2000)
125	VHS	Transplant Sonography (Andrew Little, 2000); Ultrasound in Portal Hypertension (Rob Gibson, 2000)
124	VHS	Hip Ultrasound and Live Scanning (Ethna Phelan, 1999)
123	DVD	Normal Female Pelvis (Ethna Phelan, 1999)
122	VHS	Neonatal Spine (Ethna Phelan, 1999)
121	DVD	Paediatric Cranial Ultrasound (Ethna Phelan, 1999)
120	DVD	Fetal Growth Abnormalities (Michelle Melany, 1999)
119	VHS	Fetal GU Tract. AIUM and ACR Guidelines (Michelle Melany, 1999)
118	VHS	Ultrasound Assessment of the Fetal GI Tract (Michelle Melany, 1999)
117	VHS	Fetal Neurosonography (Michelle Melany, 1999)
116	VHS	Interventional Sonography in Children (John Pereira, 1999)
115	VHS	The child with a limp (Roger Gent, 1999)
114	VHS	The acute abdomen in the paediatric patient (Lyndal Cohen, 1999)
113	VHS	The uses of ultrasound in the upper limb - the orthopaedic surgeon's point of view (Michael Hayes, 1999);

CATALOGUE

- Interventional shoulder ultrasound (Neil Simmons, 1999)
- 112 VHS Imaging the child with urinary tract infection; Ultrasound of the acute abdomen in the pediatric patient (Diane Babcock, 1999)
- 111 VHS Fetal abdominal masses (Tina Hayward, 1999); Common paediatric malignancies (Ethna Phelan, 1999)
- 110 VHS Male infertility and ultrasound (Charles Lott, 1999); Female fertility (Karen Shand, 1999)
- 109 VHS Evaluation of arterial injuries with color duplex ultrasonography; Non-invasive evaluation of the radial artery for coronary artery bypass grafting (Gail Sandager, 1999)
- 108 VHS Hepatobiliary intervention (A Little, 1999); Interventional Sonography in the new millennium (M Brooks, 1999)
- 107 VHS Thoracic intervention (M Andrews, 1999); Vascular intervention (J Vrazas, 1999); O & G intervention (L de Crespigny, 1999).
- 106 VHS Genitourinary intervention (J Vrazas, 1999); Prostate intervention (A Lavoipierre, 1999)
- 105 DVD Interventional sonography: evolution to revolution (A. Little, 1999); Essentials and accessories in interventional sonography (M. Andrews, 1999)
- 104 DVD The 18-20 Week Obstetric Ultrasound Examination (K Devonald & D Ellwood, 1993)
- 103 VHS 'New horizons in ultrasound of the liver - part 1' (P Burns, 1998); 'New horizons in ultrasound of the liver - part 2' (S. Wilson, 1998)
- 102 VHS 'Sonographic evaluation of early twinning' (I Timor, 1998); 'A sonographic approach to skeletal dysplasia' (J Oldham, 1998)
- 101 VHS 'The acute abdomen of hollow visceral origin. Ultrasound evaluation (S Wilson, 1998); 'Ultrasound of acutely traumatised ER patient (J McGahan, 1998)
- 99 VHS 'Sonography of AIDS' (S Wilson, 1998)
- 98 VHS 'Testicular ultrasound and surgical correlation' (P Graham, 1998)
- 97 VHS 'A new look at the sonographic appearance of pelvic inflammatory disease' (I Timor, 1998)
- 96 VHS 'Interventional tissue ablation' (J McGahan, 1998)
- 95 VHS 'Haemodynamics and blood flow: interpreting the vascular examination' (P. Burns, 1998)
- 94 VHS 'Malformations detected using the transvaginal probe from 9 -16 weeks'; 'Fetal neurosonography: the new sections and planes proposed emulate neonatal neurosonography' (I Timor, 1998)
- 93 VHS 'Transvaginal puncture procedures' (I Timor, 1998)
- 91 DVD 'Ultrasound Contrast agents: update' and 'Harmonic imaging and Doppler' (P Burns, 1998)
- 90 'What to say to a patient whose fetus has an abnormality' (N Anderson, G. Duff, R. Allan, 1997)
- 89 DVD 'Abdominal colour Doppler sonography' (A. Lupetin, 1997) 'Ultrasound evaluation of portal hypertension' (C. Owen, 1997)
- 88 DVD 'Carotid sonography – lessons learnt from the NASCET, ACAS and ECST studies' (J. Polack, 1997) 'Transcranial Doppler sonography' (A Lupetin, 1997)
- 87 DVD 'Basic echocardiographic examination techniques' (B. Anderson, 1997); 'Advanced echographic techniques – assessment of valvular stenosis and valvular regurgitation' (B. Anderson, 1997)
- 86 VHS 'Power Doppler and the 18 week heart' (G. Davison, 1997); 'Modern management of twin to twin transfusion' (R. Cincotta, 1997)
- 85 DVD 'What structures should be examined in first trimester scans?' (L. de Crespigny, 1997); 'The role of Doppler in the management of fetal well-being' (J. Vaughan, 1997)
- 84 DVD Male Urinary Tract 'Scrotal Sonography', 'Prostate Ultrasound' (A. Lupetin, 1997), 'Sperm Lake' –extratesticular echography' (A Patel, 1997), 'Ultrasound of impotence' (A Lupetin, 1997)
- 83 VHS Paediatric Ultrasound 'Paediatric craniospinal ultrasound', 'Paediatric female pelvic ultrasound – what it can tell us?' (E Phelan, 1997) 'Paediatric hip ultrasound - current criteria and techniques', ' Paediatric renal ultrasound update' (L Coleman, 1997)
- 82 VHS Renal and Mesenteric Arteries 'Visceral arterial scanning: Practice and pitfalls in assessing the mesenteric and renal circulations.'; 'How I evaluate renal and liver transplants.' (M Neumyer, 1997)
- 81 VHS Extremities II 'Arteriovenous access grafts: The value of blood flow analysis and long term follow up.' (M Neumyer, 1997); 'How to successfully compress femoral false aneurysms' (A Burnett, 1997); 'Surveillance of infrainguinal grafts' (J Kidd, 1997); 'How does upper extremity venous imaging impact on therapy?' (M. Katz, 1997)
- 80 VHS Extremities I 'What drives blood flow from the lower extremity?'; 'Venous insufficiency: Combining air plethysmography and venous duplex scanning' (M Katz, 1997)
- 79 DVD Carotid Artery Ultrasound 'Current trends in carotid artery diagnosis' (K Myers, 1997); 'The fibrous cap: what can ultrasound tell us?' (M Appleberg, 1997); 'What is the current role of transcranial Doppler?' (M Katz, 1997); 'Adapting carotid reports for surgery without angiography' (J Harris, 1997)

CATALOGUE

- 78 VHS Vascular Imaging Techniques 'Conventional angiography' (R Waugh, 1997); 'Spiral CT/MRI' (P Walker); '3-D ultrasound and power Doppler' (R Gill, 1997); 'Early experience with ultrasound contrast agents' (P Walker, 1997); 'Intravascular ultrasound' (G White, 1997)
- 77 DVD An Introduction to Duplex Scanning of the Carotid Artery (J. Harris and J. Kidd)
- 76 DVD Upper Abdomen Scan Technique (M Harkness)
- 75 DVD Artifacts (Laurie Wilson, 1997)
- 74 DVD Bioeffects / Safety (Stan Barnett, 1997)
- 73 VHS Basic Doppler and Colour Doppler and Doppler Artifacts (Rob Gill, 1997)
- 72 VHS Transducer Beams and Arrays and Advanced Imaging (Dave Carpenter, 1997)
- 71 DVD Displays and Storage (Mike Dadd, 1997) and Power Measurements / Standards (Dave Carpenter, 1997)
- 70 DVD Basic Physics and Basic Imaging (Mike Dadd, 1997)
- 63 VHS Closing Plenary Session 1996 'Is there a future for the generalist?' (E. Grant, 1996); 'Invasive and non invasive tests for chromosome abnormalities: Present and future studies.' (W. Holzgreve, 1996); 'Where are we with choroid plexus cysts?' (T. Chudleigh, 1996); 'Quo vadis?' (P. Burns, 1996)
- 62 VHS Vascular Plenary Session 1996 'Technological advances enhancing vascular ultrasound examination' (P. Burns, 1996); 'Consensus on carotids: Can we find this Holy Grail?' (D. Cavaye, 1996); 'Where are we today with renal scanning? Parenchymal versus main renal artery scanning.' (E. Grant, 1996); 'Training, Accreditation and Quality Assurance for Vascular Laboratories.' (B. Thiele, 1996)
- 61 VHS General Plenary Session 1996 'Should all pregnancies have a transvaginal ultrasound? What would it tell us?' (W. Holzgreve 1996); 'Significance of fetal renal pelvic dilatation' (T. Chudleigh 1996); 'Ultrasound in the emergency room' (E. Grant 1996); 'Managing your image in the network age'. (P. Burns 1996)
- 60 VHS Abdominal and Scrotal Doppler 'Hepatic vasculature' (W. Middleton, 1995); 'Inflammation conditions'; 'Renal artery stenosis and renovascular hypertension'; 'Colour duplex sonography of the scrotum'; 'Colour duplex sonography in acute scrotal pain' (T Stavros, 1995)
- 59 VHS Abdominal Imaging 'Abdominal sonography'; 'Advanced gall bladder' (W. Middleton, 1995); 'The normal appendix', 'The normal appendix and RLQ pain'; 'Inguinal canal and inguinal hernias' (T Stavros, 1995)
- 58 DVD Technical '3D ultrasound'; 'Contrast agents'; 'Ultrasound artifacts'; 'Doppler ultrasound' (W. Middleton, 1995)

Ultrasonics Laboratory and Royal Hospital for Women Collection

- 69 DVD Venous Ultrasound Workshop. Assessing varicose veins and venous insufficiency (T. Beckwith, 1995)
- 68 DVD 'Deep Venous Thrombosis' (W. Lees, 1995); 'Doppler of mesenteric ischemia' (T. Stavros, 1995)
- 67 DVD Doppler sonography of the hepatic vasculature (W. Middleton, 1995)
- 66 DVD Musculo Skeletal Ultrasound 1995 – II. Live scanning of shoulder, knee & ankle workshop (Bruno Giuffre and John Read, 1995)
- DVD Musculo Skeletal Ultrasound 1995 -I. 'Sonography of the shoulder' (W. Middleton, 1995); 'Sonography of the knee' (B. Giuffre, 1995); 'Sonography of the forearm and hand' (J. Read, 1995); 'Sonography of the ankle tendons' (W. Middleton, 1995)
- 65
- 64 VHS Sports Medicine (John Read, 1995)
- 57 DVD Pancreatic Sonography (Phil Ralls, 1994)
- 56 DVD The Painful Hip in Childhood and Parenchymal Renal Disease in Children (Garry LeQuesne, 1994)
- 55 VHS Cerebral Vascular Disease (Michael Appleberg, 1994) and Carotid Artery Scanning (Alison Kelly, 1994)
- 54 DVD Window on the Leg (Trevor Beckwith, 1994)
- 53 DVD High Resolution Colour Flow Sonography (Phil Ralls, 1994)
- 52 DVD Basic Imaging (Michael Dadd, 1994) and New Imaging Technology (David Carpenter, 1994)
- 51 DVD Ovarian Sonography (Phil Ralls, 1994)
- 50 DVD Basic Doppler (Laurie Wilson) and Doppler Artifacts (Rob Gill, 1994)
- 49 DVD Haemodynamics (Thanasis Loupas, 1994) and Colour Doppler (Rob Gill, 1994)
- 48 DVD Fetal Echocardiology (James Grimwade, 1994)
- 47 DVD Breast sonography (John Read, 1994)
- 46 DVD Tendons (John Read, 1993)
- 43 DVD Normal Circulation of the Liver. Segmental Liver anatomy and normal Hepatic and Portal circulation.

CATALOGUE

(Michael Lafortune, 1993)

- 42 DVD Paediatric Liver Disease (Heidi Patriquin, 1993)
- 41 DVD Haemodynamics (Thanasis Loupas, 1993)
- 39 DVD Fetal Abnormalities (Peter Warren, 1991)
- 37 DVD Colour Doppler of the Kidneys (Ed Grant, 1991)
- 35 DVD Colour Doppler in Arteries and Veins (Ed Grant, 1991)
- 34 DVD Carotid Ultrasound Revisited (Barbara Carroll, 1989)
- 25 DVD Introduction to Anatomy of the Liver, Biliary Tract & Pancreas (Stuart Heap, 1989)(*Previously titled 'Upper Abdomen'*)
- 24 DVD Neonatal Heads (Lachlan de Crespigny, 1989)
