**Rex de Ryke, Co Convenor
Bernadette Gourley, Co Convenor**

**Prof Ron Benzie, ASUM President
Dr Caroline Hong, ASUM Chief Executive Officer
Keith Henderson, ASUM Education Manager**

Invitation

We cordially invite you to participate in the ASUM NZ Branch Annual Meeting 2010. This meeting is the highlight of ASUM NZ Branch's yearly activities and has been a major success in the past and is a feature of ASUM's Ultrasound Education program in New Zealand. The goal of the program is to provide practical and relevant education to all practitioners of medical ultrasound, with a strong focus of ultrasound in the local community. The program features respected national and international speakers covering a diverse range of topics which will be of strong interest to registrants

ASUM NZ Branch Annual Meetings usually attract 60 to 100 delegates, mostly local but an increased interest internationally is expected for this meeting due to its wonderful location in Queenstown, New Zealand. The President, Chief Executive Officer and ASUM Councillors will be in attendance. This meeting will be held over two days with an interactive lecture format with plenty of scope for discussions and questions.

Delegates will have the opportunity to meet company representative in a trade exhibit where equipment/technology will be on show.

We look forward to seeing you in Queenstown from 24th to 25th July 2010.

Rex de Ryke, Chair ASUM NZ Branch, Co Convenor ASUM NZ Branch Annual Meeting
Bernadette Gourley, Co Convenor ASUM NZ Branch Annual Meeting 2010

Professor Ron Benzie, ASUM President
Dr Caroline Hong, ASUM Chief Executive Officer

About ASUM

The Australasian Society for Ultrasound in Medicine (ASUM) is a multidisciplinary society of about 2,500 members in Australia, New Zealand and overseas. The primary role of ASUM is to assist in disseminating scientific information, provide education and set standards of practice in this continually developing specialty.

ASUM's members include virtually all medical specialties, sonographers, scientists, physicists, engineers, veterinary surgeons and corporate representatives who are involved in ultrasound technologies and services. The Society is affiliated with the World Federation for Ultrasound in Medicine and Biology (WFUMB) and hosted the successful and spectacular World Federation for Ultrasound in Medicine and Biology (WFUMB) 2009 World Congress in Sydney, Australia.

ASUM is certified ISO 9001:2000, Quality Management Systems and is recognised as the peak ultrasound body in Australia and New Zealand

Millennium Hotel Queenstown

Millennium Hotel Queenstown opened in November 1995 as Queenstown's premier conference and incentive venue. Nestled along the shores of Lake Wakatipu and amongst the spectacular Southern Alps, it offers a first class facility with 220 air conditioned accommodation rooms which have recently been refurbished. Adding to the sophistication of these rooms is high speed internet access, a practical work space and superior lighting increasing functionality.

Millennium Hotel Queenstown is conveniently located within walking distance from the town centre and 8 km (10 minutes) from Queenstown International Airport.

Millennium Hotel Queenstown offers a special conference rate; booking under 'NZASUM' will ensure you the best rate possible.

To make a booking contact the hotel by phone or email and mention 'NZASUM'.

Queenstown

Rugged mountains, majestic lakes, crystal clear air, and just so much to do. From bungee jumping to wine trails, jet boating to tramping, dining out and world class skiing, Queenstown offers it all.

Queenstown is renowned for adventure but is also a sophisticated holiday resort set in the magnificent landscapes of the Southern Alps of New Zealand. Dwarfed by the surrounding mountains, there are amazing views from everywhere. There's also a permanent buzz in the downtown area where you'll find a lively café/bar scene and excellent shopping.

CPD points.

Attendance at this meeting provides a maximum of 9 CPD points.
