

Expression of Interest – ASUM Outreach

ASUM Outreach has been established to be a charity whose public charitable purpose is to advance health through assisting in furthering the objects of Australasian Society for Ultrasound in Medicine. ASUM is excited to be collaborating with Canon Medical taking us to Tonga to teach obstetrics and vascular ultrasound as part of the initial requirements required in consultation with the team in Tonga. Currently there are ultrasound professionals required to deliver both didactic online training, as well as hands-on training in Tonga, as set out in the training program.

Canon Medical are sponsoring volunteer sonographers who are selected to visit Tonga, however there will be some self-funding required.

ASUM members who wish to volunteer are invited to submit an expression of for this worthwhile project and help train sonographers in Tonga to offer the best ultrasound service to the Tongan community.

If you are interested, please:

1. Complete the details below
2. Write a cover letter outlining your teaching and ultrasound experience; and
3. Attach your resume

All three documents to be emailed to the ASUM CEO at outreach@asum.com.au by 16 December 2022.

The Tonga, Canon and ASUM project committee will decide on the best composition of volunteers for this project.

Expression of Interest - Volunteer Position with ASUM Outreach

Please complete the following information and return to the ASUM office with your cover letter and resume.
