ASUM CPD WORKSHOPS

Gold Coast: Sonographer Supervisor Course

Delwyn Nicholls

BAppSc (Rad), Grad Dip Med US, Grad Dip HEd, DMU (Vas)

Tanya Carleton

Med, Grad Dip TCM, BSc (Bus. Admin)

This sonographer supervisor course is targeted to those clinical sonographers who are currently undertaking a clinical supervision role or who are considering this role. The course level is beginner to intermediate level and the teaching/learning setting will be informal and interactive.

- Literature identifies clinical teachers/supervisors perform a teaching role without prior learning in clinical teaching /supervision
- This workshop provides generic information for all sonographers undertaking a clinical supervision/teaching role
- Foundational educational theory and practice evidence will be presented to equip clinical supervisors with the basic skills and knowledge to execute their role in clinical practice
- The workshop aims to highlight strategies to assist teaching scanning skills, communication skills and how to provide verbal feedback to a learner
- Interactive group work provides an opportunity to practise the presented knowledge and skills associated with the role of clinical supervisor/tutor
