## Three components where RPL may be awarded

A – Training course	B – Formative assessment	C – Logbook
<p><b>ASUM-accredited course</b>                      Within 18 months Full course RPL                      18–24 months RPL + supervised logbook</p> <p><b>Non-accredited course</b>                      Must equal or exceed ASUM level                      Provide: certificate of completion                      + course outline (syllabus, hours, workshop ratios)                      Same 18 / 18–24 month rules apply</p>	<p>Formative assessments only  <b>Summative assessments – NEVER eligible</b></p> <p><b>Must be:</b></p> <ul style="list-style-type: none"> <li>• No more than 12 months old</li> <li>• At ASUM-CCPU level or higher</li> <li>• Conducted by ASUM-CCPU Primary Supervisor Alternate tools considered if criteria met and submitted in full</li> </ul>	<p>Specific to enrolled unit                      Equal or higher scan numbers                      Must show range of pathologies Supervision must equal ASUM-CCPU standard</p> <p><b>Important:</b>  <b>Supervisor letter alone – not accepted</b>                      Physics module required within 3 months of enrolment                      Logbooks are only eligible where the course has also been approved and only from the time of course attendance.</p>

## Key rules to remember

<p><b>No full unit credit</b>                      Partial credit only; final summative assessment must still be completed</p>	<p><b>Physics unit mandatory</b>                      Not eligible for RPL – must be completed by all candidates</p>	<p><b>Online-only = not accepted</b>                      Must include live patients; simulation alone is insufficient</p>
<p><b>Documentation in English</b>                      All submitted evidence must be in English</p>	<p><b>Model scans excluded</b>                      Course/workshop model scans do not count toward logbooks</p>	<p><b>Additional evidence</b>                      Committee may request resumes, declarations, or referees</p>
